

Policy Workshop
„COMBINED TERMINAL STRATEGY
- A strategy to push forward interregional CT development “

COMBINE project, funded by the Interreg Baltic Sea Region Programme, aims at enhancing the share of combined transport, CT, in the Baltic Sea Region to make transport more efficient and environmentally friendly. COMBINE project follows a comprehensive approach to strengthen all parts of the transport chain: main leg, terminal handling and last mile. New technologies regarding these different parts of the transport chain as well as modern and efficient transport organization are opportunities for the Baltic Sea Region. To inhibit pure road transport, it is vital to use the benefits of each transport mode and to optimize each part of the transport chain where appropriate.

Shortly before the end of the project, we would like to take the opportunity to give you an insight into our Learnings & Findings and to draw a brief summary. Even more, we would like to learn from you: What is necessary for further development in combined transport? We sincerely invite you to this event!

When: Wednesday, 2021 April, 21, 10:00 to 12:30 o'clock
Where: Virtual conference

<i>Time</i>	<i>Agenda</i>	<i>Speaker</i>
10:00	Welcome coffee Technical introduction Project introduction Goal of the workshop	Adina Cailliaux, Port of Hamburg Marketing (HHM) André Wolf, Hamburg Institute of International Economics (HWWI)
10:15 - 11:00	Session 1: Combined transport: Strategy and Policy	
	Increasing awareness, knowledge and acceptance of terminal handling and operation innovations	Ernest Czermański, University of Gdansk
	Identification of measures to improve combined terminal operations	Bogusz Wiśnicki, Maritime University of Szczecin
	Results of Combined terminal strategy	Jan Wedemeier, HWWI
11:00	Coffee Break	

11:30 - 12:30	Session 2: Raising Potentials for combined terminal	
11:30	Impulse: Time to act	Ralf-Charley Schultze, UIRR International Union For Road- Rail Combined Transport
11:45	Policy discussion: Requirements Take action // interactive survey Action for the EU and the Baltic Sea Region: What has to be done for efficiency increase and terminal integration in the transportation chain? Business and policy.	Eric Feyen, UIRR Clemens Bochynek, SGKV
12:15 - 12:30	Session 3: Results and Closing	
12:15	Results: What to do: Next steps?! Future outlook	Gunnar Platz, PLANCO Consulting GmbH
12:25	Closing	Jan Wedemeier, HWWI

Participants

The workshop is aimed at representatives of: National and regional ministries, terminals, associations and umbrella organisations, science and education, and project partners.

Register and notes

Please note that the list of participants as well as pictures of the event will be used for further processing to create a policy report and for public relation activities. By participating in the event, you agree to the production, processing, storage and distribution of these. If you do not want this, please inform us at dialog-bremen@hwwi.org.

We would be happy to hear from you whether we can count on your participation. If you would like to participate, please send a short email to dialog@hwwi.org.

The workshop will take place as a virtual event. The corresponding link will be sent to all participants in good time before the event.
